HULL COLLEGE GROUP

HIGHER EDUCATION ACADEMIC FEES REGULATIONS

This document relates to all students deemed to be 'home students' as defined in 'The Education (Fees and Awards) (England) Regulations 2007'. This includes those people who are assessed as UK/EU nationals for the purposes of fee status. These regulations also include relevant fees requirements for students defined as international students.

For the purposes of this document, "the Group" relates to the Hull College Group including its Higher Education courses based in Hull College and Goole College.

These regulations should be read in conjunction with the Higher Education Fee Schedule document which is relevant to your first year of study.

Please note that the regulations and fee schedules are subject to amendment, due to possible changes to national funding policy.

1.0 FEES

1.1 For the purposes of the Group's Academic Fees Regulations the word 'fees' shall be interpreted as:

'a sum of money due to the Group in respect of educational services, that will include tuition (including assessment, registration and examinations), academic supervision, the provision of other academic services and facilities such as library and learning resources, the provision of pastoral and extra-curricular services and the conferment of awards'.

The fees for an individual student are determined with reference to the Fee Schedule, the course of study, mode of attendance and the student's fee status.

1.2 The payment of any fee must be made in pounds sterling.

1.3 A student shall be liable for any fee due to the Group. The process of enrolment of any student will not be complete until all tuition fees have been paid in full, or an approved payment plan for current academic year fees has been agreed with the Group Finance Director.

1.4 A student is personally liable for the full tuition fee for his or her course

1.5 A student is required to pay all outstanding fees relating to previous academic years prior to enrolment. Enrolment on a course will be refused where there are fees outstanding from a previous academic year.

1.6 The Group relies on information provided by the student to determine the tuition fee to be paid. It is the student's responsibility to ensure that such information is accurate and completed and is supplied at the times required by the Group.

1.7 A student who knowingly withholds, or recklessly tenders false information relating to his or her liability to pay a fee, either personally or via a sponsor, will

have breached the Group's regulations on student conduct and be subject to the Group's disciplinary procedures. This is without prejudice to any rights the Group might have in respect of legal proceedings.

- 1.8 The Group will not be held responsible for any charges incurred by the student should he or she fail to amend or cancel any agreed payment arrangements at least seven days prior to the due date.
- 1.9 Tuition fees are fees for registration, enrolment, tuition, assessment, examination and the conferment of an award.
- 1.10 The Group shall publish annually a schedule of fees.
- 1.11 Tuition fees for the amounts specified in the schedule of fees relevant to your 1st year of study are payable each academic session or other relevant period of study as determined by the Group.
- 1.12 Modules taken as 'retake' assessments are charged at the standard module fee for the course, taking into account the student's fees status, and are published annually in the schedule of fees.
- 1.13 Reassessment by 'retaking' complete modules may be with attendance or without attendance, as agreed by the Board of Examiners.
- 1.14 The Fees Policy and Schedule will apply to reassessment, except where Extenuating Circumstances have been confirmed.

- 2.15 It is the responsibility of the student to provide documentary evidence of sponsorship that provides sufficient assurance to the Group of the sponsor's ability and commitment to pay such fees. Where a sponsor's payment is outstanding more than 30 days, the Group shall have direct recourse to the student, who shall be automatically liable for any outstanding sum. This is without prejudice to the Group's right to require any sponsor to pay a fee on or before enrolment.

This is very important as sometimes programmes can change their module structure so it is important to keep in communication with your Programme Team to ensure no problems with the completion of your studies.

6.0 FEE WAIVER

- 6.1 In exceptional circumstances on receipt of a written request from the student, the HE Quality Manager (HE Quality and Registry) may waive or refund tuition fees or an administration charge in full, or in part, for students who have withdrawn on a temporary or permanent basis. During the period of suspension, a student shall not be entitled to attend classes or lectures, have access to learning resource facilities, submit an assessment, be examined or qualify for the award. Marks that may have already been awarded for work submitted during the period of suspension shall be disregarded by the Board of Examiners, who shall treat the work as a non-submission.
- 7.2 Any part of a tuition fee payable by a sponsor must be paid within 30 days of the invoice. Where a sponsor's payment is outstanding for more than 30 days, the Group shall have direct recourse to the student, who shall be automatically liable for any outstanding sum. This is without prejudice to the Group's right to require any sponsor to pay a fee on or before enrolment.

Where payment is received later than 28 days after the suspension, the student shall be re-admitted in the following academic year at the stage in the programme when the original suspension occurred. This regulation is without prejudice to the Group Finance Director's right to make an arrangement for the payment of fees where a student is in default.
- 7.4 Suspension from a programme of studies for non-payment of fees shall not be grounds for granting extensions for submission of assessments, nor may the Board of Examiners treat such a suspension as circumstances adversely affecting student performance in assessment.
- 7.5 If, at the end of a level or a stage of a programme of studies, a student is in default of payment of part or all of a relevant tuition fee, whether suspended or not, or if the student owes money to the Group, the Group will withhold the certification to the student until any outstanding debts have been paid.
